

M-SATS

MILO RANGE MOBILE-SITUATIONAL AWARENESS TRAINING SYSTEM

The MILO Range M-SATS offers the most advanced feature set available for a portable use of force and tactical judgment training system. Based on the same software and technology as the full-featured MILO Range PRO system, the M-SATS provides fully interactive video scenarios, graphics-based firearms drills and industry-leading features in a compact, all-inclusive design that is easy to transport and set up in less than 10 minutes.

BENEFITS

With industry-leading features, a full warranty, 24/7 technical support and an on-site Train the Trainer course, the MILO Range M-SATS will meet any unit's training, budget and flexibility needs.

PORTABLE

Portable and ultra-compact, creating a robust training environment mitigating space and time constraints.

EASY TO USE

A turnkey, self-calibrating, deployment-ready solution that is easy to transport, set-up and use.

M-SATS
